

**Sutter High School**  
**School Accountability Report Card**  
**Reported Using Data from the 2019-2020 School Year**  
**Published During 2020-2021**

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **California School Dashboard**

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	37%	N/A	37%	N/A	32%	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Suspensions	3	3	N/A
Expulsions	0	0	N/A

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

#### School Safety Plan (School Year 2020-2021)

The most effective way to ensure a safe and secure campus is to establish a climate based on trust and open communication between all the stakeholders involved in the educational process. Sutter Union High School District invests a great deal of time establishing this climate on our campus.

The district's Emergency Preparedness plan is reviewed, updated and approved by the governing board each year. It was most recently reviewed, updated, approved and discussed with the school faculty in August 2020. In addition to the Emergency Preparedness Plan, the district has developed School Emergency Safety Procedures. These procedures are published in booklet form, and every teacher has been issued a personal copy as well as a classroom copy. The booklet includes emergency phone numbers, disaster procedures, campus disturbances/dangerous intruders plan, staff home address and telephone numbers, and a map of the school. Staff members have received extensive training as first responders. Each class room is stocked with an emergency kit. The school district works in a cooperative effort with all local agencies regarding all aspects of school safety. All staff members have received active shooter training and follow ALICE protocols.

Sutter Union High School conducts 5 days of in-service training at the beginning of each school year for all credential and classified staff members. In-service trainings focus on school-wide routines and procedures, instructional practices, school safety and specific information necessary for the beginning of school. Staff Collaboration days are scheduled the last Wednesday of each month. There are usually seven or eight Collaboration days each school year. Collaboration days are used to coordinate the school's efforts to improve student achievement and articulate with elementary feeder schools. Due to recent societal trends, the district has scheduled the majority its in-service training to address school safety and student emotional health.
