

# SUTTER UNION HIGH SCHOOL DISTRICT

## COVID-19 SCHOOL CLOSURE UPDATE Friday, September 11, 2020

Dear Parents, Students, Staff and Community,

Our teachers, counselors and administrators are continuing to refine and adjust “Distance Learning“. I sincerely hope that the adjustments that have been implemented so far are helping to reduce some of the frustration. I realize that no matter how well we dress it up, it will still be “Distance Learning“. It is ironic that before COVID-19 one of the primary goals of public health was to reduce screen time and get kids outside for more exercise. I long for the day our students are allowed to return to campus, socialize with their friends, receive in-class instruction and participate in extra-curricular activities. Some may say just like “The Good Old Days“. When this day comes I will say it will be “ A Great Day to Be a Husky“.

A reminder to all families, Free and Reduced food service pick-up and delivery is being provided for those students that have registered. If you have participation questions, please contact Kay Holcomb, 822-5161 Ext: 303. We are currently delivering meals to the Nuestro, Meridian, Winship and Robbins areas. We have plans to expand delivery service to the Sutter and Franklin areas as well as continue to provide a pick up location in the Sutter High School Cafeteria Parking Lot. Current delivery locations and times can be found on our school’s website.

We have completed three weeks of school. The first Progress Grading Period ends next Friday, September 18<sup>th</sup>. Progress grades are not a permanent record. They are provided every four to five weeks to provide a snapshot of student progress to date. Under normal conditions progress reports serve as an opportunity to identify areas of improvement prior to quarter or semester grades. It is even more important now. 2020 has already given us enough surprises, you don’t need any more.

Thank you all for your continued feedback, patience and support. I count on all of you, students, parents and staff to tell me what I need to know not just what you think I want to hear. Please continue to e-mail, call or visit with your questions or concerns. We all have a role.

Please check our district’s website: [sutterhuskies.com](http://sutterhuskies.com) for COVID-19 school closure updates.

Be safe, be prepared and take care of each other.

Ryan Robison  
Superintendent/Principal
