

Butte View High School Parents and Guardians,

We are excited to be able to have students return to campus starting Monday 2/1/21. Some may choose to remain on distance learning and we will continue to offer online courses for those students. We want to let you know that we will do our best to monitor students adhere to social distancing and face covering guidelines while not in class, however, we cannot ensure students will abide by guidelines at all times while at break or while coming and going from school. If you are not comfortable with your child being required to wear a mask at all times while in class, when less than 6' from others, or that they could remove their mask and could be around others without a mask at times outside the classroom then it may be best for your child to remain on full time distance learning.

School will begin Monday morning at 8:00 am and will finish at 12:25 pm. Busses will be running so if your student will be riding the bus please see the Sutter HS webpage for bus pickup and drop off locations and times. Students will be required to wear masks while in class and while closer than 6' from others and at all times while riding a bus.

Our goal is to be able to have all students who attend every day Monday through Thursday to not have any homework beyond what we get done during those school hours. This may not be the case for every student depending on their attendance or credit needs but it will greatly reduce the amount of online work and time needed to do school work at home. Those choosing to stay at home will have all their work via our online courseware, Edmentum.

If you have any questions about your child's schedule, grades, or current online classes please give us a call at 822-5161 x243 and we will be happy to answer those questions.

Mr. Nunes  
Butte View High School  
Principal
