- A minimum of three (3) individuals will be on the committee.
- Applications will be reviewed for completeness and for meeting minimum criteria.
- Each application will be reviewed individually and evaluated based on how well it meets the requirements. Then the applications will be ranked to determine a 1st, 2nd and 3rd place winner.
- The committee will determine the scholarship winner(s) and their decision will be final.
- The committee can determine that no applicants or less than the designated 3 meet the requirements for that year.
- **The committee may award a maximum of three (3) scholarships in any given year. In order to award more than three, and/or if additional funds are needed, they would need approval from the 4-H membership.**

Evaluating the Criteria

Minimum of 2 years membership in Sutter Buttes 4-H: The committee chair will ensure that records are checked to make sure that the applicant meets the criteria.

Active participation in 4-H events and Activities: It is the expectation that the individual was a contributor during their time in 4-H. This would include, committees, offices, helping with activities, showing at the fair, demonstrations, etc. It is especially important that the 4-H participation be heavily weighted to events and activities that contributed to the advancement of Sutter Buttes 4-H.

Demonstrated leadership/citizenship in the 4-H program and the community: It is the expectation that the individual demonstrated leadership and citizenship during their time in 4-H and perhaps in the community. This includes holding offices, committee chairs, junior or teen leader positions, helping with major events. It also includes community/school involvement that demonstrates leadership/citizenship by being actively involved in civic or community events, holding school offices, or leading school organizations.

Letters of Recommendation: Letters should support the above criteria and give examples of the applicant's participation and their character. The letter should address accomplishments and involvement in 4-H, as well as in other activities at school or in the community.

Talk to the 4-H Club: The talk should be no more than 5 minutes and should convey how the applicant's 4-H experiences, as well as school and community experiences have helped them to succeed. This is an opportunity for the current 4-H members to learn about the applicants, and for the applicants to express themselves verbally.
